Checklist Summary

List all item(s) that require further attention or corrective action along with an explanation, person responsible for follow-up and a correction/completion date where applicable.

For each item listed describe in detail either…
 a. Why it is acceptable to have that particular item differ from the guidelines. OR
 b. What the plan is to make the item fall within the design-in guidelines.

Item #	Item Description:	Corrective Action or Justification:	Responsible:	Date:
